“Loved my visit to South Africa October 2010 – this is my second time (previously 2003 - J-burg, Swaziland, Durban etc). With Grant as our guide, we lacked nothing as to information, excursions (planned and impromptu), wine tasting, fun times etc. etc. I full heartily recommend Grant Negus and his Beyond Reach to anyone who wants to visit and learn all about South Africa”

African Safari in Comfort 2009

“This was my first experience of travelling to Africa, after much brochure studying the pull to the Comfort trip was strongest! What attracted me was the total package offered, countries to visit, activities included, as well as optional extras, comfort level of accommodation, inclusion of meals and the attention to detail.

It did not fail it exceeded expectation.....after driving 4500km's with a guide who's knowledge, enthusiasm and experience was exceptional, phenomenal wildlife, an amazing group of people who are now great friends, experiencing such an amazing continent, which I have to say its very true what they say, it does get under your skin & is life changing. I know this was the first of many holidays to this destination. It truly was an “AMAZING” experience.....”

South African Self Drive Adventure

“Following such a fantastic African experience in 2009 Beyond Reach Africa was who I wanted to consult with in planning my next African adventure. Rhoda & Grant were great; we gave them some ideas and thoughts of what we wanted to experience within our limited time and budget. With their experience, knowledge and expertise they came up with an itinerary that fitted just that!

Our Adventure was.... great!!! Setting off from the airport to returning the car, everything was organised, planned and effortless. It was great to take your time, enjoy the experience and take in the amazing sights! We felt safe, it was easy & we'd do it again.

I'd recommend a planned self drive trip with them any time!! “

The Wilds of Kenya 2010

"An opportunity to travel again to the amazing African continent with a company & guide that you knew would be exceptional & outstanding, was something not to pass on.

Kenya was a truly incredible experience, the landscape & animals were different from previous experiences but just as exciting. Our group was small (6) but intimate, the accommodation first-rate, outstanding food and again fantastic guide with knowledge and information that flowed. We had time to relax, enjoy the surroundings, and take in the local culture.

The way these tours are organised makes your holiday experience effortless, you just have to arrive, sit back relax, take in the experience as everything is done for you, and it makes you wanting to come back for more!!"

"Southern Africa has a great deal to offer those of us interested in wildlife, history, culture and geology. My wife and I travelled with a party of Kiwis on an Adventure Travel/Beyond Reach safari from Cape Town to the Victoria Falls in 2008. It extended to three weeks. An excellent itinerary was arranged and the hassles of border crossings and accommodation were sorted out most efficiently. Optional extras like plane and helicopter flights were available and we all had a great time. We saw most of what was anticipated and were comfortable through out. We strongly recommend Beyond Reach and Grant Negus in particular."

"We have travelled with Beyond Reach on two occasions, a 24 day Capetown to Victoria Falls trip two years ago, and more recently 14 days in Kenya. Beyond Reach lived up to and surpassed our expectations in many ways. Not only were all the practical aspects handled smoothly but we were really impressed by Grant's extensive knowledge of many different African countries' history, geography, geology, politics, and in particular, wildlife. Grant's ability to relate to people of varying ages from different races, cultures and backgrounds is an enviable skill and made for very enjoyable holidays. We have no hesitation in recommending Beyond Reach."

"I have been on two trips with Beyond Reach, both of them in small groups, and I can not speak highly enough of Grant, Rhoda and the team. Their tremendous attention to detail and their combined XX years of experience in showing visitors around this beautiful continent has resulted in us having trouble free and well planned tours, tailored to our wishes. Southern Africa is a truly breathtaking place to go for a holiday, and these guys are the ones to deal with."

"It has been a great holiday in SA. The country is beautiful with all kinds of nature, culture and lovely people. I would love to come back some day! We were a small group with completely different characters, but we got very tight and liked each others company. Because of the small group we had many opportunities to take part of the program and do things that weren't included in the scheme.

Grant was great, 10 point of 10 available. He is open-minded, easy going and flexible. He offered us more than the scheduled program. For example: The first day he arranged a great trip to Addo National park and we saw so many elephant. That was ossum! We had a fun sport evening in a pub, in Knysna. We watched the final between WP and the Sharks. In the valley of Robertson we visited and tested vine at different vine farms and Grant also invited us to a barbeque at his private home. Many thanks for that to Grant."

Fantastic and knowledgeable guide and crew. Good and plenty food. Enough
space to share insights and opinions.
Tarangire, very nice because of all the elephants and beautiful Baobab trees.
Manyara, fantastic because of the lions in trees.... very weird!
Ngogorogoro, just something that one needs to experience....
For all three parcs: 1 day each is good.
Serengeti, fantastic!
Thank you Beyond Reach for an exceptional safari and Kilimanjaro Climb.
